Go to MyLGHealth.org
Click “New User? Sign Up Now”

Step 2
Go to the **Register with an activation code from your doctor’s office** section and complete the required fields
Step 3
Under “MyLGHealth Activation Code,” type in your activation code as it appears on your enrollment letter. Your activation code will expire 90 days from the date of your letter. Enter your social security number and date of birth. Click “Next”

Step 4
Create a MyLGHealth Username. Think of one that is secure and easy to remember consisting of six (6) or more characters. Create a password consisting of eight (8) or more characters. Your password must be different than your MyLGHealth Username. Security tip: use a combination of numbers and letters in your password. Also mix upper and lower case letters. If you forget your password, MyLGHealth will present you with your selected security question and ask you for your secret answer. Make sure your answer is meaningful, but not easy for others to guess.

Step 5
Enter the e-mail address where you would like MyLGHealth to contact you. Click “Sign In”

Step 6
Read the MyLGHealth Terms and Conditions. Click “Accept”

You’re now enrolled in MyLGHealth!

Step 7
If you would like to have access to your child’s chart (12 years old or younger).

Click “Settings” then “Child Proxy Request”
Enter the required information
Read the MyLGHealth Terms and Conditions.
Click “Accept”

To access your MyLGHealth account, enter your MyLGHealth username and password at MyLGHealth.org
